Many women throughout the country make pin money out of their chickens. We have known of women who have clothed the entire family with the proceeds of the poultry yard, and some have paid off mortgages and others bought their homes by intelligent management of their flocks. Everybody interested in chickens should get Biggie Poultry Book. It is so full of helpful suggestions and has so many years of costly experience boiled down for its pages that it is poor economy to be without it. It will help increase the income from the poultry yard, and has started many an amateur or misguided professional on the right track. "There is but one small chance to save your life and that is through an operation," was the awful prospect set before Mrs. L. B. Hunt, of Leno Ridge, Wis., by her doctor after vainly trying to cure her of a frighting case of stomach trouble and yellow jaundice. It's positively guaranteed to cure Stomach, Liver and Kidney troubles and never disappoints. Price 50c. For sale by W. A. Turner.

Burglarized His House.

Last Wednesday night about eleven o'clock four negroes broke into the residence of Gen. Will D. Wright, corner of Main and Henley streets. The negroes were noticed hanging about the place by a citizen, who immediately telephoned police headquarters of the fact. In a minutes several bluecoats were on the scene, but in the meantime the birds had flown. They did not break into the main part of the house, entering the rear. General Wright and family were not at home at the time, and so far as known no valuables were taken. The police have a clue as to the identity of the robbers and may have them in the lockup some time to-day.—Knoxville Journal and Tribune.

Six Innings, 7 to 4.

The Victoria nine failing to put in an appearance Saturday and seven of the Jasper nine being present, the Sequachee team crossed bats with them in a practice game. The game lasted six innings and was close and interesting, the Sequachee boys showing the good results of systematic practice. Jim Martin, who pitched for Sequachee, delivered a puzzling ball, striking out six of his opponents, and was ably assisted by his catcher, Oscar Campbell, who caught two high fouls, and threw out a runner at 1st base, who had ventured off too far. Orrie Anderson at short played his usual careful game and by a fine pick-up and throw, threw out a runner at the home base. Bill Campbell and Alex. Lofty in the field made good catches. They are small but they are dandys. Only two errors were made by Sequachee, a wild throw over the first baseman's head in the first inning that let in two runs, and a dropped fly in the third.

For Jasper Harry Simpson contrived some Chinese puzzles in delivery, and was well backed up by his catcher, Hugh Lankester at centre took in several flies, and Allen Hall and Charlie distinguished themselves by good plays. The Jasper players are scientific in their method of play, and by careful backing up saved at least two runs. They were perfect gentlemen and it was a pleasure to participate in a game with them.

The following was the score by innings.

Innings 1 2 3 4 5 6
Sequachee—1 4 1 0 0—7
Jasper, —3 1 0 0 0—4

NOTES.

Manager Campbell had a smile on him like a candidate every time he caught that third strike.

Charlie Martin made an unfortunate error in the 3rd inning when he dropped that high fly to right, but he is to be excused on account of not having sufficient practice.

Murry Anderson having left the city, the club will elect a new captain to fill the vacancy.

Harry Simpson pitches a drop ball that absolutely runs away from the bat.

Arrangements are in process of formation looking to a game at Burrough's Chapel Saturday with Tracy City and a nine composed of Sequachee and Jasper.

Quite a number of spectators were in attendance and cheered impartially when any good play was made.

The Sequachee Club wants games with the Oak Grove, Inman, Victoria, Whitwell or Cedar Springs teams, for the Saturday afternoons of this and next month.

The handle works diamond is getting in good condition now and will be further improved until the Sequachee Club will have as good a diamond as any club in the Valley. Thanks are due Mr. G. Sherman for permitting the boys to use this ground.

The boys in Coppling Cove will organize a ball team.

I guess you think I am not going to answer your dear sweet little letter at all. I got your letter yesterday and have been so busy I have n't had time to right no sooner."

Why the Old Maid Wept.

As a raconteur the drummer holds high rank and the News had the good fortune to meet one of the jolliest of the kind at Jasper lately and this is one of his stories:

"On a train going west from Philadelphia among other passengers were two ladies, one dressed in deep black and closely veiled and apparently bowed down with great grief so much so as to attract the attention of the other, a spinster of uncertain age, who was induced to try and offer the bereaved one her sympathy, so leaving her seat she went and sat near the afflicted one and asked her if she could do anything for her. Her offers were declined and the lachrymal performance continued. Her persistence, however, in trying to soothe gradually induced confidence and the weeping one said between her sobs: 'No, no. You can't do anything to help me; nobody can. I am just returning from Philadelphia where I have just taken the body of my fourth husband to be cremated, and I have all his remains in this vase,' producing a small article carefully wrapped, from a small bag or satchel beside her, 'and I shall have this with me always to remember him. poor dear,' and she renewed her weeping, and her hearer also burst into a fit of weeping. The two women wept on but the old maid's affliction seemed to increase until it attracted the attention of the widow and her curiosity being aroused she demanded why the news of her husband's death, had affected the other so much. Struggling to repress her tears, the old maid said: 'I ain't crying about your husband, I didn't cry on that account. You have had four husbands, I have not had any, and I am crying because I have been trying to get one husband for the past thirty years—boohoo—but you can get them and have husbands to burn'."
